
We trust in God!

We trust God, the Creator of Life.

**We bear witness:
God is for us.
God says Yes to us
and to all that lives.**

**We trust Jesus, God's Chosen One,
who has become example and model,
has sought poor and sick,
women and children,
human beings who live without hope,
gathering them in God's Name
into his community.**

**Unbearable to the mighty,
he had to die.
But God identified with him
and gave him new life:
Sisters and brothers
throughout the world.**

**We trust the Spirit of God,
Who summons human beings from all the peoples
into one fellowship,
Jews and Christians,
united in God's covenant,
that we might all with joy be God's helpers
for justice, peace
and the integrity of creation.**

**God's Spirit helps us
to find the way of love
that gives our life meaning
now and beyond death.
We hope for a world
In which God is the center of all that is.**

In God we trust

We trust in You, God, the creator of life.

**We bear witness that
you are here for us,
that you say Yes to us
and to all that lives.**

**We trust you, Jesus, chosen of God,
who became example and model
welcoming, in God's Name,
the poor and the sick,
women and children,
all human beings who live without hope,
into your fellowship.**

**Because the powerful of this world could not bear this,
you had to die.
But God was one with you
and gave to you the gift of new life:
Sisters and brothers
throughout the world.**

**We trust you, Spirit of God,
who calls all people
into one community,
Jews and Christians
united in a covenant of God,
that we might with joy be God's instruments
for justice, peace,
and the integrity of creation.**

**You help us find love,
which offers meaning to our life,
now and beyond death.
We hope for a world
in which you are at the heart of all that is.**
